Master at Batimat Paris from 6th to 10th November 2017.

Batimat in Paris has always been one of the most important International Architecture and Architecture Fair in Europe with **over 350,000 visitors**, including **70,000** from out of Europe countries, to discover the products of **2600 exhibitors** from all over the world.

This important fair made in Paris is packed with events, demonstrations and training sessions for technicians and industry professionals.

Master is at the second presence at Batimat after the positive experience of year 2015. The company will be in the French capital city with a stand in **Hall 5A**, completely dedicated to the window and facade sector.

"In Paris, we will bring our strategic product lines like: **WEEN**, the tilt & turn system that we will present both in the standard version with a **160 kg weight**, and in the new version **WEEN HIDE 180** with **concealed hinges** and **opening at 110° and 180°**."

At Batimat we will show for the first time **the new minimal design handles**, with **interchangeable haft and covers** and the **innovative installation system that allows the handle to be fixed directly on the profile**," said eng. **Lorenzo Lafronza** Technical Director of MasterLAB.

"In the 2015 edition of Batimat, **Sub-Saharan Africa** was one of the business focus of the event with a growing economy, such as Senegal, Ivory Coast, Nigeria, Cameroon, where we were able to further strengthen our presence" are the words of **Lucio Delfino**, Master Export Manager "In 2017 we will also explore the opportunities coming from different European areas which are growing again while we will continue to follow at the same time the development of important markets such as Algeria and Tunisia which are pushing the growth of the construction sector into the Maghreb".
