EVENT 2017
THE FUTURE OF FACADES

Come to visit us
Stand 6E266

Master at Windows, Doors and Facades Dubai from 25th to 27th September 2017.

Recently Dubai is representing again of the most evolving countries in the world, for investment in big construction projects. In such a positive context, last year the event "**Windows, Doors and Facades**" was born, dedicated to doors, windows and facades industry, which immediately became a reference point for all the great players on the planet.

This year, the event that will take place **from September 25th - 27th at the World Trade Center** already has over **10,000 registered visitors** and **Master will be there** with its technical staff and Gulf business partners.

"Inside our booth, we will reserve an important space for the preview of new solutions such as: **WEEN Hide 180** the new system with **invisible hinges and 180° opening**, suitable for inward and outward openings, bottom hung and Tilt & Turn System; **AS300**, the complete range of **lift & slide accessories** with a load capacity up to **400 Kg**, and finally the new patented, safe and easy-to-install **Dinamika door hinge with 200 kg** of load capacity" says Albert Ryzhkov, Master Export Manager. "The aim is to meet the interest of qualified operators, designers, architects and international contractors more active in the Arab countries both for the number and quality of the construction work. We are in this fair for the first time and we will offer innovative solutions that will further strengthen the presence of the brand in the Middle East.

Come to visit us at **Stand 6E266**.
